Together with our higher education and employer partners, we're proving what's possible when you empower the next generation of leaders with the skills, networks, confidence, and experience necessary to launch a strong career.

What does this report cover?

Alongside our dedicated partners, Braven is reigniting the promise of the American Dream.

To date, we have worked with more than 15,500¹ Fellows across the country, and our momentum continues to build. By 2032, we aim to serve 80,000-100,000 students, serving 25,000 new students each year through the Braven course.

© Joe Mazza Photography (San Francisco, CA)

In this report, we spotlight the stories of the exceptional undergraduate students we are privileged to serve and examine Braven's impact through two central questions:

1

Are our Fellows securing quality career outcomes that put them on the path to the American Dream?

2

Are we supporting Fellows on the path to internships and college completion?

Why our work matters

SPRING 2024 FELLOW
NATIONAL LOUIS UNIVERSITY
Ghassen Hattab
Business Development Representative,
Shamrock Trading Corporation
Chris Joyce

Only about one quarter of the low-income or first-generation college students who enroll in college each year will graduate and secure a strong first job or enter graduate school.²

That's about **one million students** every single year who aren't on the path to the American Dream.

GRADUATE & SECURE A STRONG JOB OR ENTER GRADUATE SCHOOL

ARE NOT ON THE PATH TO THE AMERICAN DREAM

LOW-INCOME OR FIRST-GENERATION COLLEGE STUDENT ENROLLEES EACH YEAR

Mission

In collaboration with our higher education and employer partners, Braven empowers promising college students with the skills, networks, confidence, and experience necessary to transition from college to strong economic opportunities, which lead to meaningful careers and lives of impact.

Vision

The next generation of leaders will emerge from everywhere.

FALL 2022 FELLOW

The Braven Equation

Braven provides career readiness for students earning a four-year degree, ensuring students graduate ready to secure a strong first opportunity.

The Braven Equation is the sum of four career-readiness factors—skills, networks, confidence, and experience—which add up to a career-ready college graduate.

Career-Ready College Graduate

who secures a strong first economic opportunity or attends graduate school within 6 months of graduation

The Braven Experience

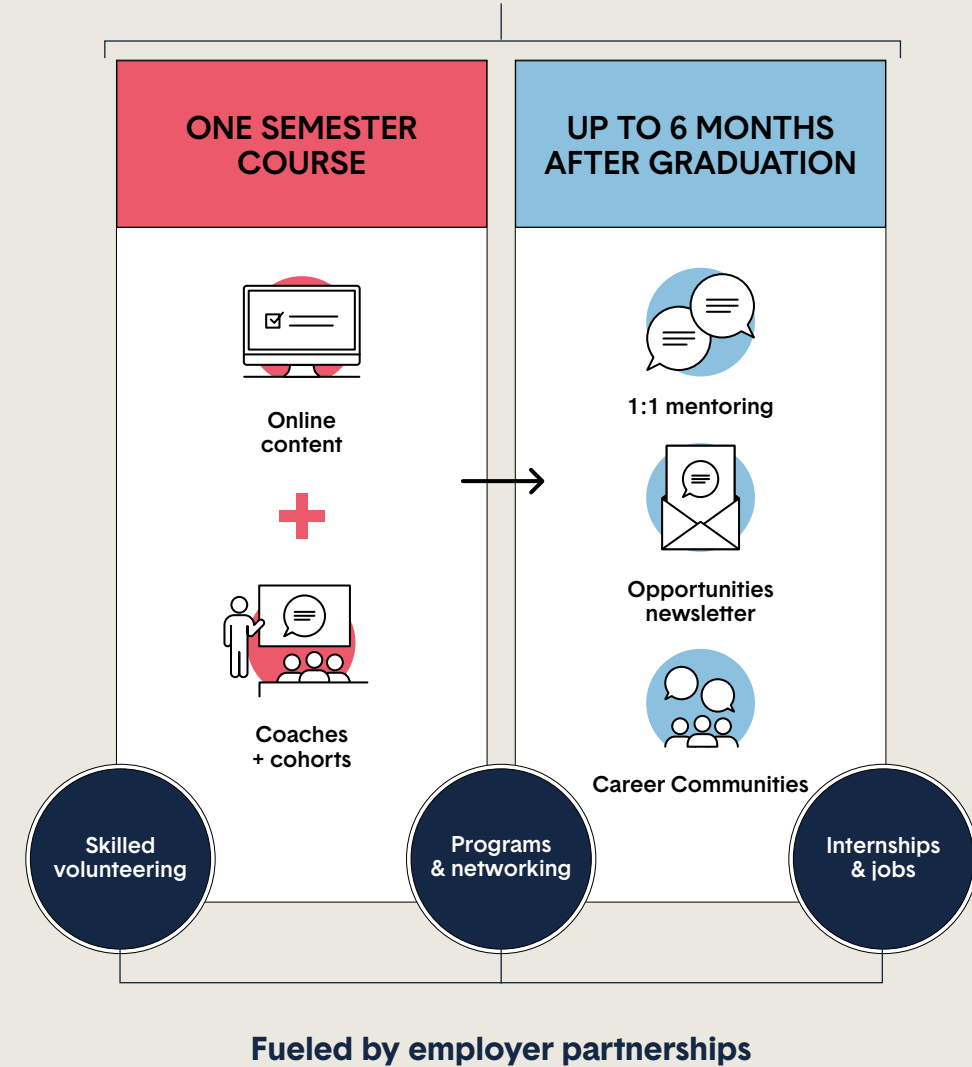

Braven equips promising college students on their paths toward quality economic opportunities through a semester-long, cohort-based course—developed with input from our higher education partners and faculty, employer partners, volunteers, and students—and support that extends beyond the course, continuing through six months after college graduation.

In our core higher education model, students take the course for credit. Students who come through BravenX via college success organizations receive a financial stipend in lieu of credit.

OUR HIGHER EDUCATION PARTNERS

In partnership with higher education institutions and college success organizations

Are our
Fellows
securing
quality career
outcomes that
put them on
the path to
the American
Dream?

Section

New college graduates are experiencing an especially challenging labor market

The entry-level market is tight. We have seen stagnation in entry-level job openings which, in part, is driving rising unemployment of recent graduates.

STAGNATION IN ENTRY-LEVEL JOB OPENINGS

Year-over-year, senior job titles are up 4%, while postings for junior titles are down 7%.³

UNEMPLOYMENT RATES FOR NEW GRADUATES (AGED 22-27) ON THE RISE⁴

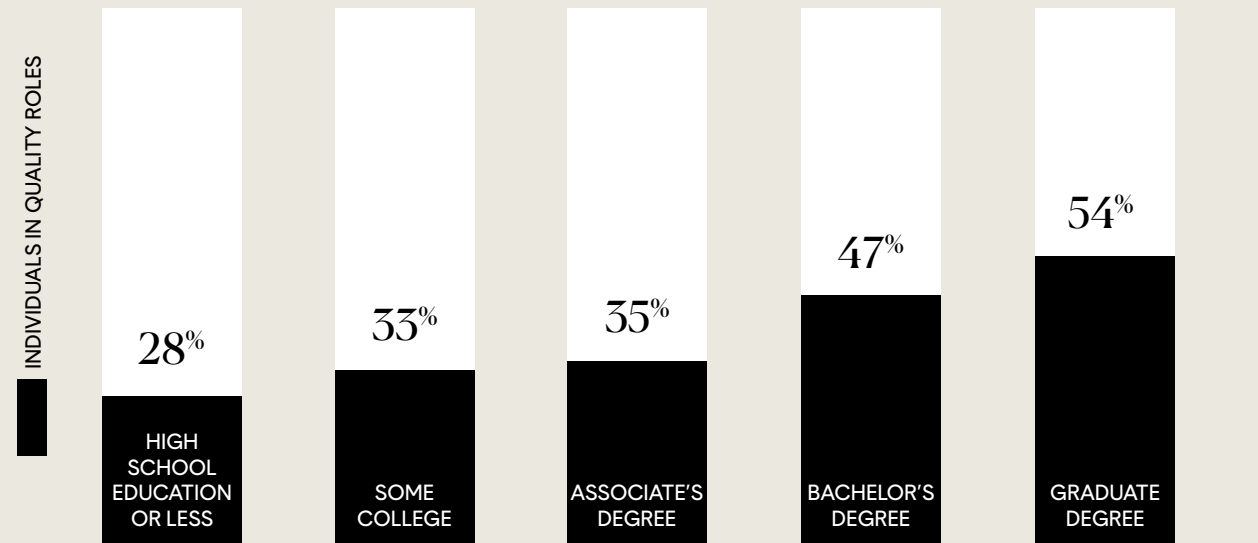

Pursuing the bachelor's degree is still the surest path to economic mobility

Compared to high school graduates, bachelor's degree holders have higher employment rates, greater job security, and earn more over their lifetime.

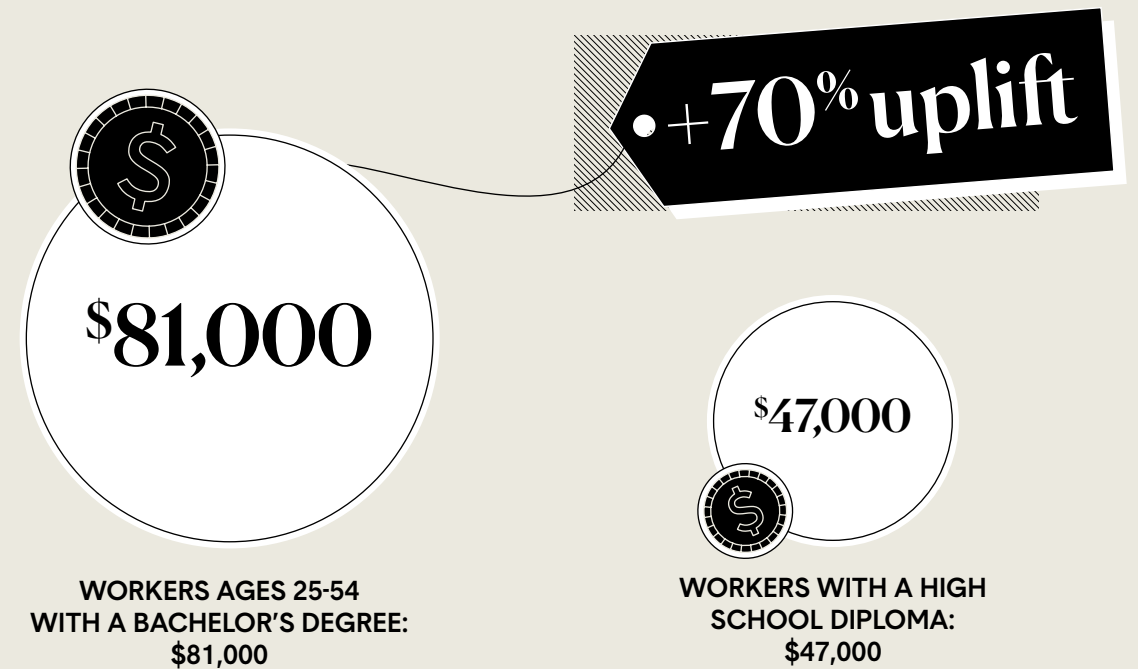

Workers with a four-year degree earn 70% more than workers with a high school diploma alone.

The bachelor's degree remains a strong predictor of job quality

According to The American Job Quality Study, employees with a bachelor's or graduate degree are more likely to have strong job quality than those with an associate's degree, some college, or a high school education or less.⁵

MEDIAN ECONOMIC OUTCOMES FOR WORKERS AGED 25-54 WITH A BACHELOR'S DEGREE⁶

AI reshapes expectations for early-career talent

The challenge today is not the value of the degree itself, but ensuring students can successfully translate the skills they develop in college into the skills needed in entry-level positions.

Although the long-term effects of AI on job availability are still emerging, its influence on the job search experience and hiring practices is already evident.

Increase in job applications

AI is making it easier to apply to jobs. In June 2025, LinkedIn reported that the number of job applications surged more than 45% year-over-year, and the platform is clocking an average of **11,000 applications per minute**.⁷

AI's impact on job hunting

Twenty-six percent of candidates say AI has made it harder to stand out due to increased competition. Among Gen Z, that number jumps to 45%.⁷

Employers are prioritizing human skill competencies to distinguish the strongest entry-level candidates in an increasingly competitive applicant pool.

These include:⁸

These are closely aligned with the six career-readiness skills Braven helps students develop in the Accelerator course:

- Career navigation
- Leadership
- Organization
- Communication
- Teamwork
- Problem solving

In 2025, 1,306⁹ Braven Fellows graduated from our core partner schools.

66% students from low-income backgrounds¹⁰

45% first-generation college students¹¹

FALL 2023 FELLOW
RUTGERS UNIVERSITY-NEWARK
Asare Bampoe-Parry
Claims Examiner, The Chubb Corporation & Graduate Student, Master of Science in Business of Fashion, Rutgers Business School

Braven Fellows secured quality opportunities after college

+12
This new class is outpacing their peers nationally in quality outcome attainment¹² by 12 percentage points (57%¹³ vs 45%¹⁴) within six months of graduation.

This year across our core model higher education partner sites, quality opportunity attainment ranged from 41% to 69%. As we scale, we will continue to learn from and address these differences to ensure that Fellows remain on the path to economic mobility.

We are proud of the achievements of our graduates who hail from various institutions and are launching their careers into local labor markets that vary in industry composition and varied economic strength.

Of the 1,306 Braven Fellows who graduated from college in 2025,

The strength of roles our 2025 graduates secured

2025 BRAVEN GRADUATES

HOW WE DEFINE QUALITY ECONOMIC OPPORTUNITIES:

• QUALITY OUTCOME

a full-time role that requires a bachelor's degree and includes some combination of promotion pathways, employee benefits, and a market-competitive starting salary, or enrollment in graduate school

• PATHWAY OUTCOME

a role that does not require a bachelor's degree but helps students' financial sustainability, is aligned with career interests, and will likely lead to more career-accelerating possibilities through skill development

• NON-QUALITY OUTCOME

a role that does not require a bachelor's degree, offers limited runway to additional career-accelerating opportunities, and is not aligned with students' career interests

the path to
internships?

Section

2a

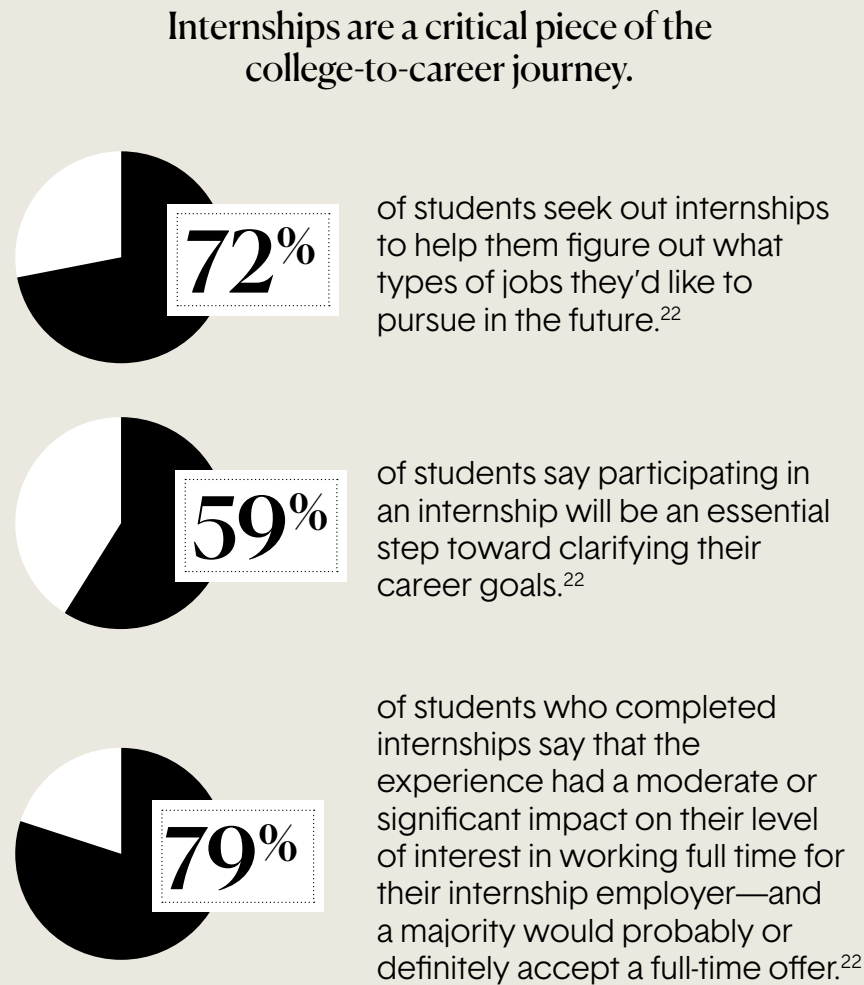

Students are facing greater competition for internships

Internships help students chart their futures, but fewer opportunities and rising competition make them harder to secure.

According to Handshake's Internship Index 2025:

Internship demand is outpacing availability.

Internship postings declined more than 15% between January 2023 and January 2025. Meanwhile, internship applications surged.

INCREASE IN INTERNSHIP APPLICATIONS SUBMITTED²²

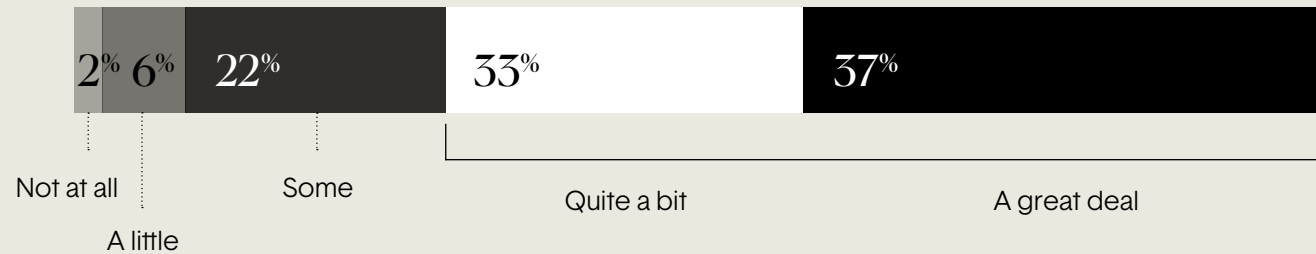

Paid internships increase networks & mentorship

The National Survey of Work-Based Learning from Strada Education Foundation and the Center for College Workforce Transitions found that paid internships have positive career value in several domains including social capital and mentorship.

NETWORKS

To what extent do you think your experience expanded your professional network?

Seven in 10 students reported that paid internships substantially expanded their professional networks²³

MENTORSHIP

To what extent did your supervisor provide mentorship to support your career goals?

More than three-quarters of students reported high levels of career-focused mentorship²³

 Corporate Strategy & Business Development
 Intern, CME Group
 Chris Joyce

SPRING 2025 FELLOW

Compared with graduates nationally, BravenX 2025 graduates were 36 percentage points more likely to have at least one internship during their college experience.

For college students, internships serve as critical proof points of experience that open professional doors.

1. 15,563 Fellows have completed the Braven Accelerator course to date; this includes core sites (City College of New York, Delaware State University, Northern Illinois University, Rutgers University-Newark, San José State University, and Spelman College) and non-core sites (BravenX, San Francisco State University, Lehman College, and National Louis University).
2. The percentage of students not on the path to the American Dream is an estimate of the percentage of Pell-Grant or first-generation students who have graduated but have not secured a quality job post college. This cohort is based on the latest data available and is the total fall 2022 enrollment of first-time degree/certificate-seeking students in degree-granting postsecondary institutions (NCES 2023 Digest of Education Statistics table 305.10) and the total fall 2021 enrollment of 2YR > 4YR transfers (NSC Research Center Fall 2023 Transfer and Progress Report). Based on this cohort, the percent of students not on path to the American Dream is calculated leveraging the following sources: "Percentage of Undergraduates Receiving Pell Grant in 2022-2023" NCES 2023 IPEDS Trends Generator; "Number of Full-Time, First-Time Degree/Certificate-Seeking Undergraduate Students... by Type of Aid Received" NCES 2020 IPEDS Data Explorer table 20; "Total Undergraduate Fall Enrollment in Degree-Granting Postsecondary Institutions, by Attendance Status, Sex of Student, and Control and Level of Institution: Selected Years, 1970 through 2031" NCES 2023 Digest of Education Statistics table 303.70; Trends in First-Generation Students: College Access, Persistence, and Postbachelor's Outcomes NCES 2018 First Generation Students Report; Trends in Pell Grant Receipt and the Characteristics of Pell Grant Recipients: Selected Years, 2003–2004, 2015–2016 NCES 2019 IPEDS Trends Generator; NACE 2025 First Destination Survey and September 2025 Federal Reserve Bank of New York Underemployment Rate.
3. "The Labor Market for Recent College Graduates: Unemployment Rates for Recent College Graduates versus Other Groups." Federal Reserve Bank of New York, 2024, www.newyorkfed.org/research/college-labor-market/#:~:explore=unemployment. Accessed 24 Feb. 2025.
4. Shrivastava, Allison. "September 2025 Labor Market Update: The Squeeze on New Entrants Mirrors a Marketwide Decline." Hiring Lab, 25 Sept. 2025, www.hiringlab.org/2025/09/25/september-labor-market-squeeze-on-new-entrants/. Accessed 24 Feb. 2026.
5. Blankenship, Molly, et al. The American Job Quality Study: 2025 State of the U.S. Labor Force. Jobs for the Future / Families and Workers Fund / Gallup, Oct. 2025, www.jff.org/wp-content/uploads/2025/10/AmericanJobQualityReport_Final_10142025.pdf. Accessed 24 Feb. 2026. For the accompanying graph, a quality job is defined as one that allows workers to meet their basic financial needs, feel safe and respected, grow their skills, have a voice in decisions that affect them, and exercise some control over their time and work.

9. 1306 Fellows are from the following core sites: City College of New York, Delaware State University, Northern Illinois University, Rutgers University-Newark, San Jose State University, and Spelman College.
10. Low-income means the Braven Fellow identifies as low-income or a Pell Grant recipient.
11. First-generation means the Braven Fellow identifies as a student who is the first in their immediate family to attend or graduate from a four-year college or university.
12. Braven defines quality outcome attainment using the following methodology:
 - a. Quality outcome: Fellow enrolls in graduate school or secures a job that requires a BA/BS, is full-time, and is paid.
 - b. Part-quality outcome: Fellow secures a job that is paid, aligns with long-term career interests, and meets at least one of the criteria below:
 - i. Requires a bachelor's degree
 - ii. Is full-time
 - iii. Offers employer-provided benefits
 - iv. Earns >35k per year
 - v. Builds record of achievement/resume
 - vi. Builds transferable skills, especially within career interests
 - c. Not quality: Fellow secures a job that is paid, but does not meet the criteria of a part-quality or quality job.
 - d. Unemployed: Fellow is unemployed.
13. 57% is the percentage of Fellows who secured a quality job or enrolled in graduate school. All outcome percentages are based on Fellows for which their post-graduation outcome is known (87% or 1136 out of the total 1306 Fellows at core sites' outcome is known).
14. Braven's 45% peer benchmark is calculated by taking the NACE 2024 full-time employment rate for students at institutions with a high concentration of Pell Grant recipients (40-60%) from the NACE 2025 First Destination Survey, adjusting it for underemployment (using Federal Reserve of New York and U.S. Census data), and adding the percentage of students pursuing graduate school education.
15. Braven's 49% national benchmark is calculated by taking the NACE 2024 full-time employment rate from the NACE 2025 First Destination Survey, adjusting it for underemployment (using Federal Reserve of New York and U.S. Census data), and adding the percentage of students pursuing graduate school education.
16. 27% is the percentage of Fellows who enrolled in graduate school. This percentage is based on Fellows for which their post-graduation outcome is known (87% or 1136 out of the total 1306 Fellows at core sites' outcome is known).
17. Braven employed salary average is the approximated salary average for Class of 2025 Braven Fellows at core sites who secured any job (quality, part-quality, or not quality).
18. Braven full-time employed salary average is the approximated salary average for Class of 2025 Braven Fellows at core sites who secured a quality job.
19. U.S. Census Bureau. American Community Survey. Data filtered by age (AGEP 23-24), income (PINCP > \$1), hours worked (WKHP > 35 or WKHP > 0), employment status (ESR Civilian employed, at work), and educational attainment (SCHL Bachelor's degree). U.S. Census Bureau, <https://www.census.gov/programs-surveys/acs>.
20. Data is based on 380 Post-Accelerator Fellow survey responses pooled from Fall 2021 - Fall 2025 across both core and non-core sites.
21. National Student Aid Profile: Overview of 2024 Federal Programs. National Association of Student Financial Aid Administrators, 2024, https://www.nasfaa.org/uploads/documents/2024_National_Profile.pdf. Accessed 24 Feb. 2026.

Accessed 24 Feb. 2026.
24. Internship attainment rate is for the following core sites: The City College of New York, Delaware State University, Northern Illinois University, Rutgers University-Newark, San Jose State University, and Spelman College.
25. Clayton, Dave, et al. From College to Career: Students' Internship Expectations and Experiences. Strada Education Foundation, 17 May 2023, www.strada.org/reports/from-college-to-career-students-internship-expectations-and-experiences. Accessed 24 Feb. 2026.
26. The National Comparison represents the six-year graduation rate for the 2018 cohort of full-time, first-time Pell Grant recipients at four-year public Title IV institutions. This rate is adjusted to account for year-over-year persistence from freshman through junior year. Data is synthesized from the NCES IPEDS Data Explorer (2024), the Digest of Education Statistics (2021), and American Institutes for Research (2023).
27. Six-year graduation rate of Braven Fellows includes students who enrolled as first-time freshmen at SJSU and RU-N, not including those who took Braven as seniors, transfers, or international students. SJSU and RU-N are the only core sites included in the six-year graduation rate calculation because they have reached a threshold of graduates to date (200+) for which we have both valid enrollment and graduation data.
28. 51% is the percentage of Fellows who secured a quality job or enrolled in graduate school. All outcome percentages are based on Fellows for which their post-graduation outcome is known (70% or 209 out of the total 298 BravenX Fellows' outcome is known).
